# a step-saving KITCHEN

Natural-color movie with sound • Size, 16 mm. • Running time 14 minutes

A kitchen planned as an efficient workshop—where a woman's work may be done with the least walking, stooping, lifting, and stretching—is demonstrated in this motion picture. It is a two-reel film, in color, with a narration sound track.

This U-shaped kitchen was designed by housing and household equipment specialists of the Bureau of Human Nutrition and Home Economics under the supervision of Miss Lenore Sater. In the film Miss Sater explains the basic principles used in planning the kitchen and shows how jobs are streamlined by the well-planned, adequate storage and work space.

## How To Borrow the Film

The film is available for loan from the film libraries listed on the back of this folder.

Address all requests for booking to the film library in your State, giving the date or dates on which film will be used.

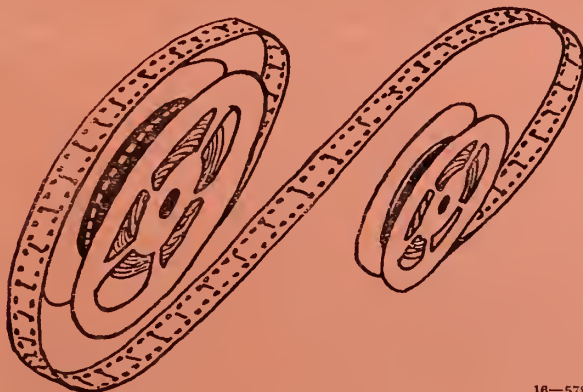

Make requests as far in advance of show dates as possible.

Borrower is usually required to pay transportation charges both ways, plus small service charge for use of film. Department employees and State extension workers may secure film without service charge.

## How To Buy the Film

The film may be purchased from Castle Films, Inc., 30 Rockefeller Plaza, New York 20, N. Y., without authorization from the Department of Agriculture. Approximate cost, \$90. Write to Castle Films for preview prints and for delivery arrangements.

Federal and other Government agencies may purchase prints of this film from DeLuxe Laboratories, Inc., 850 10th Ave., New York 19, N. Y., at the Department's contract price, upon authorization from Motion Picture Service, Office of Information, U. S. Department of Agriculture, Washington 25, D. C.

## BULLETIN

U. S. Department of Agriculture's Miscellaneous Publication No. 646, *A Step-Saving U Kitchen*, describes and illustrates the various features of this kitchen. Send requests to Publications Distribution Office of your State Agricultural Extension Service, or write to Office of Information, U. S. Department of Agriculture, Washington 25, D. C.

## WORKING DRAWINGS

Working drawings are available from the extension agricultural engineer at most State agricultural colleges. In some States, county extension agents will place your order.

If the working drawings are not available in your State, write to the Housing and Household Equipment Division, Bureau of Human Nutrition and Home Economics, U. S. Department of Agriculture, Beltsville, Md. This office cannot supply these plans but will direct you to a State that handles them.
